TRAUMATIC PATELLAR DISLOCATION

LAP Lambert Acad. Publ. Mai 2009, 2009. Taschenbuch. Book Condition: Neu. 220x150x7 mm. Neuware - Traumatic patellar dislocations are considered to be a consequence of active lifestyle and defined as acute ligamentous knee injury. The management of a primary traumatic patellar dislocation has been controversial. The medial patellofemoral ligament (MPFL) has been recognized as the primary medial stabilizer of the patella. This thesis book investigates the incidence, risk factors initial management of primary traumatic patellar dislocation, the long-term results of...

Reviews

I actually began looking over this pdf. This can be for all those who statte there was not a worthy of reading through. I am easily can get a enjoyment of reading through a written publication.

-- **Rafael Feeney Jr.**

Most of these ebook is the perfect publication accessible. It is writer in easy terms and not difficult to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.
