PANDEMONIUMS ENGINE

Defender Publishing. Paperback. Book Condition: New. Paperback. 360 pages. In every generation, when dangers gather, there is a group of men and women courageous enough to confront evil and inform the populace. Sometimes unpleasant truths need to be presented; most of us would rather stand back and kick a toe in the dirt. You know, let someone else do it. Someone else is courageous enough to tell us the truth. Tom Horn and Friends research, publish, and speak about some of the most important topics of our time. Pandemoniums Engine is the vehicle through which Tom and an elite team of commentators are informing a still-sleeping public about radical changes coming to our culture every soon. In particular, the technological advances that have brought us to the doorstep of life-altering realities are such that the man-on-the-street is struggling to make sense of our world. The book you are about to read is a landmark offering, making such issues as transhumanism compelling reading. A shadowy world of intrigue, power-grabs, and seismic changes in daily life is the stuff of sci-fi movies. Yet the authors contributing to Pandemoniums Engine show us in disturbing detail that these mind-blowing technologies are quite real. For example, Cris D. Putnam writes in Christian Transhumanism: Pandemoniums Latest Ploy: Transhumanism is a transnational technocratic trend that promises to break through human biological limitations by radically redesigning humanity. Sound like a campy Star Trek episode, or a movie plot from Stanley Kubrick? As a matter of fact, they are, but rooted in present reality. Change agents in our world are working feverishly to harness the powers of human ingenuity, to wreak havoc on our way of life. Chuck Missler writes in Pandoras Box for the 21st Century The Sorcerers Apprentice that the seductiveness of medical advances mask a diabolical agenda. For...
