## INTERACTIVE SCIENCE: EARTH SCIENCE (PAPERBACK)

Prentice Hall, United States, 2012. Paperback. Book Condition: New. 274 x 216 mm. Language: English . Brand New Book. Interactive Science: Grade 7 is the next step in your child s Science homeschool programs. All levels of Interactive Science include hands-on activities, exciting labs and engaging topics sure to help your child find enjoyment in learning. This curriculum for homeschooling is unlike any other in that it helps you design dynamic lessons that meet educational goals. Using the materials included in Interactive Science: Grade 7, you ll be able to craft lessons that will solidify your child s foundational Science knowledge. The best part is that he or she is sure to find excitement in the journey! Interactive Science is a flexible program that allows you to work at your child s pace and incorporate all the curriculum s more hands-on offerings. Because your child is at the middle school level, he or she needs a challenging Science program. Interactive Science: Grade 7 simultaneously reiterates important foundational information and helps your child progress. For instance, by the time your child completes Grade 7, he or she should be able to: Research a problem by designing and conducting an experiment using the Scientific Method. Use statistics such as mean, median and mode to interpret findings. Write a lab report after conducting an experiment. Understand the effects of friction on an object. Explain how the earth was formed. Understand the laws of motion, speed, force and the transferring of energy. Explain orbit, including the moon s orbit around Earth and Earth s orbit around the sun. Understand the connection between time and Earth s orbit. Glean information on ecosystems by observing aquariums and terrariums. You can achieve these and other goals using the materials included in Interactive Science: Grade 7. Learn more...
