Brand New Book ***** Print on Demand *****.Passionate embryologist, Savarna, is in a complicated relationship, with two different women, when she is told that she MUST have a baby. Her conservative East Indian American parents are desperate for her to conceive, in spite of her not being married. They insist that she is the last in line of a great spiritual lineage. In the process of choosing her lover and having doubts about her ability, or desire to conceive, Savarna begins to question the necessity of biology and lineage within her parents beliefs and becomes forever fascinated with the process of conception and the definition of family.
